**Re: National Flood Insurance Program  
Community Rating System (CRS)  
Flood Protection and Awareness  
Township of Aberdeen**

Dear Realtors, Lenders and Insurance Agents:

You are receiving this letter to advise you that the Township of Aberdeen participates in the Community Rating System program (CRS), which is part of FEMA's National Flood Insurance Program. The program recognizes communities that meet or exceed the minimum flood protection standards by offering lower insurance premiums based on the program's ranking system.

Aberdeen Township maintains copies of the Flood Insurance Rate Maps (FIRMS), which provide data on flood zones area. Copies of the maps are on file in the Municipal Building located at 1 Aberdeen Square. Copies of elevation certificates are on file as well. Please contact the CRS Coordinator, Maxine Rescorl, at 732-583-4200 X101 for more information on flood zones and elevation certificates.

You may contact John Quinn, Construction Official and Flood Plain Administrator at 732-583-4200 X120, for information on flood proofing of existing homes or for additional flood proofing information and construction code questions in flood hazard areas.

Please visit our website, aberdeennj.org, for up to date flood protection and awareness information. You can click on the Prepare Yourself icon that leads to the Floodplain administration page. There you will find a Quick Links and a list of services available at the Township, as well as safety tips and measures that can be implemented to minimize the effects of flooding in the Township.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Maxine Rescorl  
Township of Aberdeen  
CRS Coordinator
