**MONMOUTH COUNTY  
UNIFORM POLICY**

**EARLY WARNING SYSTEM**

**June 29, 2016  
Revised August 9, 2016**

**I. PURPOSE:**

The purpose of this policy is to establish guidelines and procedures for Monmouth County law enforcement agencies to follow in establishing an early warning system for its agency personnel.

**II. POLICY:**

It is the policy of the Monmouth County Prosecutor's Office for Monmouth County law enforcement agencies to implement and utilize an early warning system for tracking and reviewing incidents of risk and providing timely intervention consistent with the New Jersey Attorney General's Guidelines.

**III. GENERAL:**

**A. EARLY WARNING SYSTEM**

1. An early warning system is designed to detect patterns and trends before the conduct escalates into more serious problems. Employees must understand that the early warning system is not identical to the disciplinary process. Although it is possible that disciplinary action may be taken as the result of evidence that rules and regulations were violated, this is not the sole or even primary intent of the system. The primary intent of an early warning system is to address potential problems through the use of appropriate management and supervisory strategies before formal discipline is warranted.
2. Many different measures of employee performance (actions or behaviors) can be regularly examined for patterns or practices that may indicate potential problems. The Chief of Police/CEO of the law enforcement agency will determine those performance measures, which will be used. Examples of performance measures may include, but are not limited to, the following:
  - a. Warrantless search data;
  - b. Internal affairs investigations, regardless of outcome;
  - c. Civil actions filed, regardless of outcome;
  - d. Incidents of force usage, including firearms discharges and use of less lethal force;
  - e. Claims of duty-related injury;
  - f. Instances of resisting arrest;
  - g. Arrests or additional charges for assault on a law enforcement officer;
  - h. Criminal investigations or complaints made against the employee;

- i. Domestic violence investigations (as an alleged actor);
  - j. Off-Duty Contact with Law Enforcement Agencies as a result of personal conduct;
  - k. Vehicular pursuits;
  - l. Vehicular collisions;
  - m. Cases rejected or dismissed by a court;
  - n. Evidence suppressed by a court.
3. The Chief of Police/CEO will determine the number of instances of questionable conduct or flag indicators within the same six (6) month period, which would initiate the early warning process. The Chief of Police/CEO shall take into consideration the size of the agency, the number of calls for services, the number of law enforcement officers, etc. Generally, three (3) instances of questionable conduct or flag indicators within the same six (6) month period should initiate the early warning system process.

#### **B. ADMINISTRATION OF EARLY WARNING SYSTEM**

1. The early warning system should primarily be the responsibility of the agency's internal affairs unit. However, the Chief of Police/CEO has the responsibility of assigning personnel to this function. In addition, any supervisor may initiate the early warning process based upon his/her own observations. Emphasis should be placed on anticipating employee problems before it results in improper performance or conduct.
2. Personnel assigned to manage the early warning system shall conduct a manual or computerized audit of its agency's records to determine if an employee has the emergence of a pattern, practices or trend of inappropriate behavior or misconduct. In addition to these regular data audits, the internal affairs unit shall audit an individual employee's history any time a new complaint is received.
  - a. Using this information and their experience, the internal affairs unit may be able to identify employees who may need remedial/corrective intervention even before such is indicated by the early warning system data audit.
  - b. If the audit indicates the emergence of a pattern, practices or trend of inappropriate behavior or misconduct, personnel assigned to manage the early warning system shall consult with the employee's immediate supervisor.
3. Personnel assigned to the early warning system and the employee's supervisor shall review the information provided by the early warning system along with any other relevant information from agency records for

the purpose of initiating a course of intervention designed to correct/interrupt the emerging pattern, practice or trend.

- a. If the audit indicates that the early warning system has returned an incorrect identification or 'false positive,' that conclusion should be documented.
- b. If the audit reveals that an employee has violated agency rules and regulations or written directives, the supervisor in consultation with the internal affairs unit should proceed with an internal investigation and possible disciplinary action.
- c. If the audit reveals that the employee has engaged in conduct, which indicates a lack of understanding or inability to comply with accepted procedures, the supervisor shall consult with personnel assigned to manage the early warning system to determine the appropriate course of remedial/corrective intervention.

#### **C. SUPERVISORS**

1. An employee's first line supervisor is usually the first member of the agency to encounter and document specific incidents that affect an employee's performance. It is essential for the supervisor to speak with the employee, document these incidents and report findings to the appropriate unit/squad/division commander and if warranted, the internal affairs unit. The success of this program relies heavily on the first line supervisor's participation and involvement.
2. If a supervisor has initiated remedial/corrective intervention, personnel assigned to the early warning system shall be formally notified of such efforts. This information shall be documented and appropriate copies forwarded to the internal affairs unit for filing. No entry should be made in the employee's formal personnel file, unless the action results in disciplinary/corrective action.
3. If the remedial/corrective intervention was training, documentation shall be filed in accordance with the agency's written directive governing training (remedial training).
4. Supervisors shall forward all documentation as required by agency written directives established to assist in a comprehensive audit. This data shall minimally include: use of force reports, vehicle pursuit reports, and attendance records.

#### **D. REMEDIAL/CORRECTIVE INTERVENTION**

1. Supervisory or command personnel may initiate remedial/corrective intervention to correct behavior. Remedial/corrective intervention may include, but is not limited to:
  - a. Training;

- b. Retraining;
  - c. Counseling;
  - d. Intensive supervision;
  - e. Fitness for duty examination;
  - f. Employee assistance program referral, when warranted and if available;
  - g. Peer counseling.
2. Internal disciplinary action, remedial/corrective intervention, and fitness for duty examinations are not mutually exclusive and should be jointly pursued if and when appropriate.
  3. When remedial/corrective intervention has been undertaken, the Chief of Police/CEO shall ensure that such actions are documented in writing. No entry should be made in the employee's formal personnel file, unless the action results in a sustained internal affairs investigation. If the remedial/corrective intervention is a training program, attendance and successful completion of that program should be noted in the employee's training record.
  4. All reports shall be forwarded to the Chief of Police/CEO for review. These reports have the same confidential status as internal affairs documents and are subject to the same disclosure and retention regulations and guidelines.

**E. MONMOUTH COUNTY PROSECUTOR'S OFFICE NOTIFICATIONS**

1. Domestic Violence Protocol and Off-Duty Contact with Law Enforcement Agencies as a result of personal conduct;

This written plan should include whether or not the rearming will be conditional or unconditional. If it is a conditional rearming, the agency must notify the Monmouth County Prosecutor's Office of all the terms of the conditional rearming, and the duration of the conditional rearming.

- d. In addition, whenever a local law enforcement agency sends any officer for a fitness-for-duty evaluation, the Chief of Police/CEO or his/her designee is also required to submit to the physician, psychiatrist or psychologist an itemized list of the documents it forwarded to him/her along with the documents it submitted. The involved off-duty police officer shall also be required to self-report the incident to his/her agency. Notification/self reporting is not required when the police involvement consists of *minor* traffic infractions/mva's where no injury was sustained by any party.

This memo will be forwarded via chain of command. The only exception to the 24 hours time frame is if the officer is incarcerated or incapacitated.

## **II.) SUPERVISOR'S REPORTING REQUIREMENTS FOR AN ABERDEEN OFFICER :**

- a.) Any supervisor receiving notification of an officer alleged to have committed an act of domestic violence or having contact with a law enforcement agency due to off-duty conduct, will document the incident on the Internal Affairs Report Form. The supervisor will assign a complaint dispatch number (CD number) under the heading 'Administration'. The Internal Affairs Unit will then assign an Internal Affairs Case number. The supervisor will prepare a long narrative detailing the incident which will include the following information at minimum: reporting agency, officer name from the reporting agency, arrest involved, injuries to any party, date/time of incident, victim name, incident location, nature of incident, complaints and/or TRO issued, court dates. ### **III.) REMEDIAL/CORRECTIVE INTERVENTION:**

- a.) Any supervisor having knowledge of an emerging pattern, practice, or trend of inappropriate behavior or misconduct by an officer which may affect his/her performance or has the potential to become a problem, whether through personal observation or information provided by another source, is required to document this information. This information will be documented in memo form, sealed in an envelope, and forwarded through the chain of command to the Deputy Chief of Police.
- b.) No Internal Affairs file will be opened unless, after review, it is determined that a violation of agency rules and regulations took place. If it is determined that a violation of agency rules and regulations exists, then an Internal Affairs investigation will be initiated.

- f.) If an officer from an outside agency is the victim of an alleged act of domestic violence or a

result of off-duty conduct, the duty supervisor will document the incident in memo form to the Deputy Chief of Police.

- g.) In the event that the duty supervisor is not available, the Operations or Administrative Captain will be contacted by the responding officer and provided the details. The Operations or Administrative Captain will then have the responsibility of documentation and notification to the outside agency.
